& Industrial Strategy

'Peer Networks' is a national peer-to-peer networking programme for SME leaders that want to grow and develop their organisation for future success. Selnet are excited to be delivering 2 Peer Network cohorts for social enterprises in Lancashire!

This important business support initiative is being delivered as part of a wider Peer Network programme during what has been a tough time for many businesses – with the added dimension of meeting increased community need during such a challenging time.

The programme includes interactive action learning, trained facilitators, small groups, flexible topic selection and one to one coaching for groups of individuals to collaboratively work through common business issues with individual one-to-one needs-led coaching support.

By completing Peer Networks, you will overcome business challenges and recognise and act on new opportunities, build a trusted network of connections to support you now and in the future, and improve your long-term personal and business performance.

Participate in Peer Networks

Participating social enterprises should have a trading address within the Lancashire LEP area and have:

Operated for at least one year

At least five employees

A turnover of at least £100,000

An aspiration to improve

The programme is jointly funded by BEIS and Lancashire County Council

Please return completed form to Yvette Holden at Selnet Ltd yvette@selnet-uk.com or call 01772 200690
